Kumar Vishal

MS in Data Science & Management

Indian Institute of Management, Amritsar

kumar.vishal.iitropar@gmail.com	linkedin.com/in/kumar-vishal-73aa69236	+91 6204758476

EDUCATION

Degree	Institute	Year
MS in Data Science & Management	IIM AMRITSAR & IIT ROPAR	2025-2027
B.Tech (Computer Science)	Lovely Professional University	2018-2022
Class XII	BNS DAV Public School	2017-2018
Class X	BNS DAV Public School	2015-2016

WORK EXPERIENCE

A.R. Hotel & Restaurant | **Assistant Manager** | **Jul 2022 - Dec 2024**

- Ran daily operations across **kitchen, service and front-desk teams**; owned guest and vendor **escalations** end to end.
- Tracked stock consumption to **forecast demand** and plan procurement, reducing wastage and stock-outs.
- Ran **root-cause analysis** on recurring guest complaints and redesigned shift workflows and service processes.

INTERNSHIPS

Annam.AI | **Data Analyst Intern** | **May 2026 - Jul 2026**

- **Shipped** a production pipeline that reconstructs missing telemetry for **~143 IoT weather stations** with different sampling intervals.
- Designed a **three-tier gap-filling engine**: linear interpolation (micro gaps), **LightGBM + Random Forest** ensemble (short gaps), **inverse-distance weighting** (long gaps).
- Deployed on **AWS** (Docker on Fargate, EventBridge, Terraform, IAM); replaced a Step Functions fan-out with one sequential task to **cut cost**.
- Built **data-quality and anomaly checks**, made DynamoDB write-back **idempotent**, and kept device metadata from real readings.
- Authored a **26-page Software Design Document** and fixed a **CloudWatch** alarm that was firing false positives.

CDAC Patna | **AI & Data Science Trainee** | **Dec 2025 - Jan 2026**

- Completed certified training in **AI & Data Science using Python**: Pandas, NumPy, data preprocessing, EDA and machine learning.

PROJECTS

Walmart Sales Analytics SQL, Business Analytics	• Analysed **10K+ transactions in SQL** by branch, product line and month to track sales KPIs, seasonal peaks and weak categories. • Turned findings into **KPI-based recommendations** on branch focus and product mix.
Portfolio Analytics & Risk Python, SQL, Power BI	• Computed returns, volatility, **Sharpe ratio** and **drawdown** in **Python and SQL**; built a **Power BI (DAX)** risk dashboard.
NYC Taxi Analytics Tableau, Neo4j	• Analysed NYC taxi trips across **263 zones**; built **Tableau** visuals and a **Neo4j** graph to find high-traffic hubs and corridors.
Tourism Demand Forecasting Dissertation, ML	• Modelled **100,000 vehicle records** (calibrated to HP tourism data): **K-Means** segmentation, **Isolation Forest** anomalies, **ARIMA** forecasts.
AQI Monitoring & Forecasting Big Data & Visualization	• Integrated **CPCB and OpenAQ** data for Indian cities, gap-filled readings and built AQI forecasts with an interactive dashboard.
Text Sentiment Analysis NLP, CDAC Patna	• Built a **text sentiment classification** model in **Python**, using **NLP preprocessing** and **machine learning** to label text by sentiment.

ACADEMIC ACHIEVEMENTS AND CERTIFICATIONS

Certifications	• **SQL for Data Analytics** (Internshala) | **Power BI Data Modeling with DAX** | **Excel Analytics** • **McKinsey Forward Program:** structured problem-solving and business communication

POSITION OF RESPONSIBILITY

Mess Committee Coordinator IIT Ropar	• Coordinated mess operations with **vendors and administration**; turned student feedback into service changes.

SKILLS

Technical Skills	Python | SQL | R | Excel | Power BI (DAX) | Tableau | Statistics | Scikit-learn | XGBoost | LightGBM | Time-Series | NLP | AWS | Docker
Non-Technical Skills	Requirements Analysis | Root-Cause Analysis | Data Storytelling | Stakeholder Management | Ownership

ADDITIONAL

Languages	• English, Hindi
Proof of Work	github.com/Kumarvishal1225nn datascienceportfol.io/Dataenthusiast
